

Into-Nations offers a comprehensive solution, including interpreters, equipment and technical assistance.

Into-Nations is fully in tune with your needs and provides advice on the best type of equipment to suit your meeting: free-standing (booths) or portable (audio-guided suitcases) equipment.

Free-standing equipment

- | Simultaneous interpretation equipment
- | Interpretation consoles
- | Infrared reception headsets
- | Sound installation
- | Technical assistance

Portable equipment

- | Suitcases containing 10 or 20 headsets with a roving microphone
- | Ideal for site visits, work meetings or seminars
- | No set-up or sound installation required.

INTO-NATIONS stands for:

- High quality equipment compliant with ISO standards
- Advice on the best equipment for your event
- A service package including both equipment + interpreters
